Congratulations

Your business account has been fully activated and you are logged into the Future Drivalia auction portal. You can now participate in the online purchase of certified vehicles from end-of-lease fleets and short-term rentals. This document guides you through the entire process, from your first entry into the catalog to a successful bid submission.

ONLINE AUCTION PROCESS

1 Accessing the auction catalogue

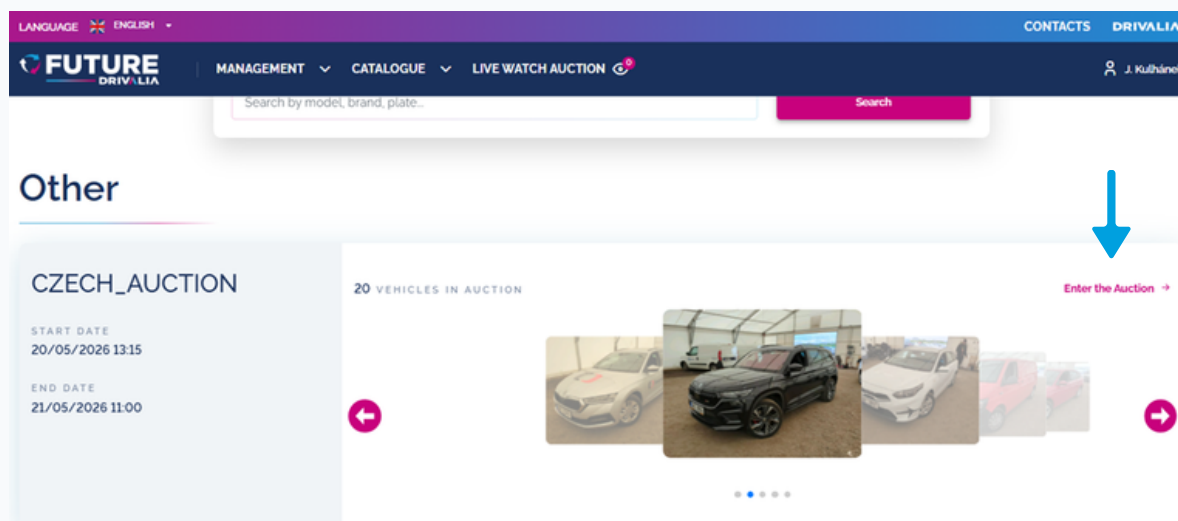

On the portal home page, click on the "**Auction catalogue**" banner or use the **CATALOGUE** tab in the top navigation bar.

2 Auction selection and terms agreement

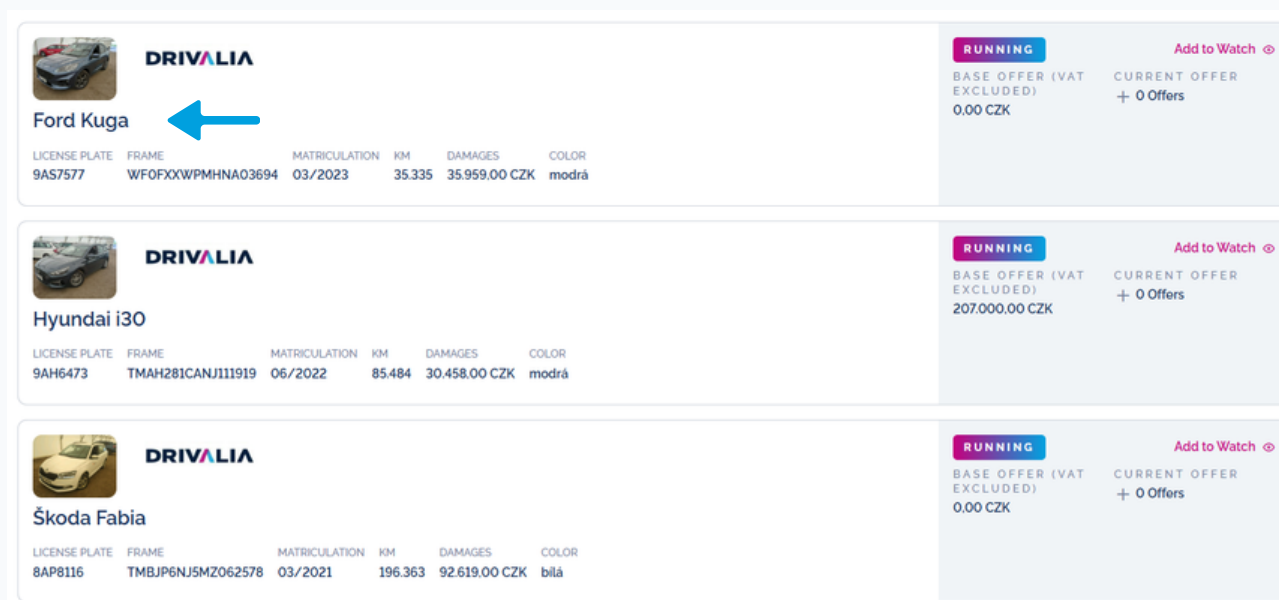

Select a specific running auction from the overview and click the "**Enter Auction →**" button.

Important notice: Before entering any listed auction for the first time, an electronic confirmation of the specific terms and conditions of that auction is required for security and legal reasons

3 Viewing vehicle details

Click on the picture or name of any vehicle in the list to open its detailed card.

4 Vehicle technical condition details

In the **"Vehicle details"** section, you will find complete technical parameters, equipment, service history, an insurance claims overview, and a direct link to the **independent technical protocol** by Macadam.

This allows you to select and mark any number of vehicles at any time during the auction.

6 Live tracking of selected vehicles

For maximum overview of your selected vehicles, click on "**LIVE WATCH AUCTION**" in the top navigation bar.

- The system filters the catalog and displays exclusively your chosen vehicles with a live countdown timer.
- You can also click on the photo or name here to view the vehicle details.

The screenshot shows the 'LIVE WATCH AUCTION' page on the FUTURE DRIVALIA website. The top navigation bar includes 'LANGUAGE', 'ENGLISH', 'CONTACTS', and 'DRIVALIA'. The main navigation bar has 'MANAGEMENT', 'CATALOGUE', and 'LIVE WATCH AUCTION' (highlighted with a blue arrow). The user is logged in as 'J. Pavlát'. A countdown timer shows '13:21:20' and '3 Lots watched'.

Two vehicle listings are shown:

- Škoda Octavia**: Licence plate 9AF7311, Year 2022, KM 139481, Location, Damages 33.108.00 CZK. The auction is 'RUNNING' with a 'START PRICE' of 0.00 CZK. The 'YOUR OFFER (VAT EXCLUDED)' and 'CURRENT OFFER (VAT EXCLUDED)' are both 0.00 CZK. The 'LOT END DATE' is 16/06/2026 11:00:00. There are buttons for 'Your new offer' and 'New offer with autoraising'.
- Ford Kuga**: Licence plate 9AS7577, Year 2023, KM 35335, Location, Damages 35.959.00 CZK. The auction is 'RUNNING' with a 'START PRICE' of 0.00 CZK. The 'YOUR OFFER (VAT EXCLUDED)' and 'CURRENT OFFER (VAT EXCLUDED)' are both 0.00 CZK. The 'LOT END DATE' is 16/06/2026 11:00:00. There are buttons for 'Your new offer' and 'New offer with autoraising'.

7 Submitting a bid (Single bid vs. Automatic bidding)

You can bid on selected vehicles in two ways:

1. **Your new offer:** Enter a specific amount in the field for an immediate, single bid.
2. **New offer with authorization:** Enter your maximum financial limit. The system will automatically bid on your behalf until your limit is reached.

This screenshot is identical to the one above, showing the 'LIVE WATCH AUCTION' page. Two blue arrows are added to highlight the bidding options: one points to the 'Your new offer' input field, and the other points to the 'New offer with autoraising' button.

TECHNICAL LIMITS AND AUCTION FEES

- **Bid increase restriction:** A single bid can be increased by a maximum of **100,000 CZK** compared to the existing highest bid.
- **VAT and Invoicing:** All prices listed in the auction system are excluding VAT.
- **Fixed fee:** The auction winner will be automatically invoiced a fixed auction fee of **11,000 CZK excluding VAT** in addition to the vehicle price.

CUSTOMER SUPPORT AND CONTACTS

If you encounter any technical issue during the live auction tracking or have questions regarding the invoicing of fees for auctioned vehicles, please direct your requests directly to the email address:
